Overall Length:

20.172 feet

Diameter:

0.375 inches rope

Lay Method:

Right regular all layers

Attachment Style:

Closed socket terminal attachment first end

End Type:

Terminal attachment first end

Core Construction:

Fiber

Prefabrication Form:

Preformed

Special Features:

Ferrule on plain end, 2308 lb safe operating load, partially sheathed w/heavy duty water hose 0.500 in. Id by 13.0 ft lg

Material:

Steel terminal attachment first end

Style Designator:

6 x 37

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
