Overall Length:

7.927 feet

Diameter:

0.093 inches rope

Lay Method:

Right regular all layers

Attachment Style:

Socket terminal 1st intermediate attachment

End Type:

Terminal attachment both ends

Breaking Strength:

920.0 pounds

Core Construction:

Wire

Prefabrication Form:

Straight

Material:

Steel wire rope

Surface Treatment:

Passivate all attachments

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A082a0
