Overall Length:

9.020 feet

Diameter:

0.187 inches rope

Lay Method:

Right regular all layers

Attachment Style:

Bail shackle

End Type:

Terminal attachment both ends

Breaking Strength:

2220.000 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

End Conditioning Method:

Seized

Material:

Steel all attachments

Material Specification:

Fed-std 66 federal standard single material response all attachments

Style Designator:

7 x 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
