Diameter:

0.062 inches rope

Lay Method:

Right regular all layers

Loop Retention Method:

Swage

Breaking Strength:

480.000 pounds

Prefabrication Form:

Preformed

End Conditioning Method:

Seized

Material:

Steel comp 303se

Surface Treatment:

Passivate wire rope

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A082a0
