Overall Length:

1.282 feet

Diameter:

0.156 inches rope

Lay Method:

Right regular all layers

Attachment Style:

Swaging terminal terminal attachment second end

End Type:

Terminal attachment both ends

Breaking Strength:

2800.0 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

End Conditioning Method:

Seized

Special Features:

Wire rope coated w/plastic to 0.218 in. Od

Material:

Stainless steel wire rope

Surface Treatment:

Passivate wire rope

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
