Overall Length:

10.906 feet

Diameter:

0.875 inches rope

Lay Method:

Right regular all layers

Attachment Style:

Swaging terminal terminal attachment second end

End Type:

Terminal attachment both ends

Breaking Strength:

66500.0 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

Material:

Steel wire rope

Surface Treatment:

Cadmium all attachments

Style Designator:

7 x 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A082a0
