**Overall Length:**

4.250 feet

**Diameter:**

0.219 inches rope

**Lay Method:**

Right regular all layers

**Attachment Style:**

Swaging terminal terminal attachment second end

**End Type:**

Terminal attachment both ends

**Breaking Strength:**

5600.0 pounds

**Core Construction:**

Wire

**Prefabrication Form:**

Preformed

**Material:**

Stainless steel wire rope

**Material Specification:**

Mil-w-83420 military specification single material response wire rope

**Surface Treatment:**

Passivate wire rope

**Style Designator:**

7 x 19

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A082a0

**Mil-std (military Standard):**

Mil-w-83420 spec.
