Fabrication Method:

Cast

Overall Length:

0.656 feet

End Type:

Terminal attachment

Breaking Strength:

1700.000 pounds

Material:

Steel

Material Specification:

114s6807-18, 77272 mfr ref single material response

Style Designator:

Stud link

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
