Diameter:

0.062 inches rope

Lay Method:

Left regular all layers

Breaking Strength:

480.000 pounds

Prefabrication Form:

Preformed

Material:

Steel strand

Material Specification:

Mil-w-1511 military specification single material response strand

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-1511 spec.
