Overall Length:

103.250 feet

Diameter:

0.625 inches rope

Lay Method:

Right regular all layers

Breaking Strength:

29200.000 pounds

Core Construction:

Fiber

Prefabrication Form:

Straight

Material:

Steel strand

Surface Treatment:

Aluminum alloy strand and zinc strand

Style Designator:

6 x 37

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
