Overall Length:

12.000 feet

Diameter:

0.063 inches rope

End Application:

Type ii comp b 1/16 in dia

Lay Method:

Right regular all layers

Breaking Strength:

360.000 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

Material:

Steel strand

Material Specification:

Mil-w-83420, type 2, comp b military specification single material response strand

Style Designator:

7 x 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-83420 spec.
