**Overall Length:**

500.000 feet

**Diameter:**

0.250 inches rope

**Lay Method:**

Right regular all layers

**Breaking Strength:**

6400.000 pounds

**Core Construction:**

Wire

**Prefabrication Form:**

Preformed

**Proof Test Load:**

5120.000 pounds

**Material:**

Plastic polyamide strand covering

**Material Specification:**

Mil-w-83420 type 2, comp b military specification single material response strand covering

**Style Designator:**

7 x 19

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A082a0

**Mil-std (military Standard):**

Mil-w-83420 spec.
