Overall Length:

0.667 feet

Diameter:

0.052 inches rope and 0.072 inches rope

Lay Method:

Right regular all layers

Breaking Strength:

110.0 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

Material:

Stainless steel

Material Specification:

Mil-w-83420, type 2, comp b military specification single material response

Surface Treatment:

Plastic polyamide

Style Designator:

3 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-83420 spec.
