Diameter:

0.375 inches rope

Lay Method:

Right regular outer layer

Breaking Strength:

14400.0 pounds

Core Construction:

Independent wire rope

Prefabrication Form:

Preformed

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

7 x 19

Specification Or Standard:

6 type and 3 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
