**Overall Length:**

40.000 feet

**Diameter:**

0.188 inches rope

**Lay Method:**

Right regular outer layer

**Breaking Strength:**

3700.0 pounds

**Core Construction:**

Independent wire rope

**Prefabrication Form:**

Preformed

**Proof Test Load:**

2960.000 pounds

**Material:**

Steel comp 302 or steel comp 304

**Material Specification:**

Mil-w-83420, comp b, type 1 military specification all material responses

**Style Designator:**

7 x 19

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A082a0

**Mil-std (military Standard):**

Mil-w-83420 spec.
