Overall Length:

2.000 feet

Diameter:

0.0625 inches rope

Lay Method:

Right regular all layers

Core Construction:

Independent wire rope

Prefabrication Form:

Preformed

Special Features:

0.125 in. Diameter after strand covering

Material:

Steel

Material Specification:

Mil-w-83420, ty2, compb military specification single material response

Surface Treatment:

Plastic polyamide

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-83420 spec.
