Overall Length:

15.790 feet

Diameter:

0.093 inches stock

End Application:

C-130 aircraft

Attachment Style:

Single shank wire rope

End Type:

Terminal attachment wire rope

Core Construction:

Wire

Prefabrication Form:

Preformed

Special Features:

Swage ball end on to wire rope assembly

Material:

Stainless steel

Material Specification:

Mil-w-83420, type 1, comp b military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-83420 spec.
