Diameter:

0.094 inches rope

Lay Method:

Right regular outer layer

End Type:

Loop first end

Loop Retention Method:

Swage

Prefabrication Form:

Preformed

Material:

Steel comp 302 or steel comp 304

Material Specification:

Mil-83420, comp b, type 1 military specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

spec.
