Overall Length:

650.000 feet

Diameter:

0.500 inches rope

Lay Method:

Right regular all layers

Breaking Strength:

29200.0 pounds

Core Construction:

Independent wire rope

Prefabrication Form:

Preformed

Material:

Steel extra improved plow strand

Material Specification:

Dyform 18 mfr ref single material response strand

Style Designator:

19 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
