**Overall Length:**

1.250 feet

**Diameter:**

0.062 inches rope

**Lay Method:**

Right regular all layers

**Breaking Strength:**

480.0 pounds

**Core Construction:**

Independent wire rope

**Prefabrication Form:**

Preformed

**Special Features:**

0.125 in. Diameter after strand covering

**Material:**

Plastic polyamide strand coveringstainless steel strand

**Material Specification:**

Mil-w-83420, type 2, comp b military specification single material response strand

**Style Designator:**

7 x 7

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A082a0

**Mil-std (military Standard):**

Mil-w-83420 spec.
