Overall Length:

0.500 feet

End Application:

Eh-60a helicopter

End Type:

Loop wire rope

Loop Retention Method:

Swage

Breaking Strength:

270.0 pounds

Material:

Stainless steel wire rope

Material Specification:

Mil-w-83420, type 2, comp b military specification all material responses wire rope

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-83420 spec.
