Overall Length:

30.000 feet

Diameter:

0.500 inches rope

End Application:

Ordnance handling equip for air activities

Lay Method:

Right regular all layers

End Type:

Loop first endloop second end

Loop Retention Method:

Splice and swage

Material:

Steel plow wire rope

Surface Treatment:

Zinc wire rope

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
