**Overall Length:**

225.000 feet

**Diameter:**

0.750 inches rope

**Lay Method:**

Right regular all layers

**Attachment Style:**

Open socket second end

**End Type:**

Terminal attachment second end

**Breaking Strength:**

62000.0 pounds

**Core Construction:**

Independent wire rope

**Prefabrication Form:**

Preformed

**End Conditioning Method:**

Welded

**Proof Test Load:**

30000.000 pounds

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A082a0
