Fabrication Method:

Forged

Overall Length:

Between 3.500 feet and 3.750 feet

Diameter:

0.250 inches stock

Attachment Style:

Hoist hook both ends

End Type:

Terminal attachment both ends

Safe Operating Load Rating:

2000.0 pounds

Material:

Steel chain

Material Specification:

Aisi assn standard single material response hook

Surface Treatment:

Zinc and chromate

Surface Treatment Specification:

Astm b633, ty2 assn standard single treatment response

Style Designator:

Proof coil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
