Overall Length:

0.376 feet

Diameter:

0.032 inches rope

End Application:

Hh-60j coast guard helicopter

Lay Method:

Right regular all layers

Breaking Strength:

270.0 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

Special Features:

Two lead splice included

Material:

Steel

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
