Overall Length:

1000.000 feet

Diameter:

0.188 inches rope

Lay Method:

Right regular all layers

Breaking Strength:

3700.000 pounds

Core Construction:

Independent wire rope

Prefabrication Form:

Preformed

Special Features:

Do not dupe to nsn 4010-00-222-4492; this nsn is for pearl harbor use only. This is a non-standard unit-of-issue

Material:

Stainless steel strand

Style Designator:

7 x 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-dtl-83420 spec.
