Overall Length:

2.000 feet

Diameter:

0.046 inches rope

End Application:

Rmv exhaust adapter assembly smse

Lay Method:

Right regular all layers

Breaking Strength:

100.0 pounds

Core Construction:

Independent wire rope

Prefabrication Form:

Preformed

Special Features:

Assembled with 2 stainless steel eyelets and 2 aluminum sleeves. Outside diameter with nylon coating is 1/16 inch. Eye fittings have a 3/16 inch inside diameter.

Material:

Stainless steel both ends

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
