Overall Length:

250.000 feet

Diameter:

0.375 inches rope

End Application:

Engine, diesel pc 2.5v stc

End Type:

Terminal attachment both ends

Special Features:

Navy: wire rope assembly. All of the following reference numbers was required as a continuity track to establish the actual p/n for the wire rope. Series 700-1933, model number 73m07037d19, serial number on data plate 04b23750, technical reference number is 113533-60 fig 9-19 ref no. 33

Furnished Items And Quantity:

2 thimble

Specification Or Standard:

Model 73-07037d19-2 model and series 700-1933 series and serial number 04b23750 reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
