Overall Length:

1.000 feet

Diameter:

0.094 inches rope

End Application:

Syststbnch

Lay Method:

Left regular outer layer

Attachment Style:

Swaging terminal wire rope

End Type:

Terminal attachment both ends

Breaking Strength:

480.0 pounds

Core Construction:

Independent wire rope

Prefabrication Form:

Preformed

Product Name:

Cable assembly

Material:

Steel wire rope

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
