Overall Length:

1.083 feet

Diameter:

0.062 inches rope

End Application:

Load cylinder assembly

Lay Method:

Right lang outer layer

Attachment Style:

Stud terminal both ends

End Type:

Terminal attachment both ends

Breaking Strength:

480.0 pounds

Core Construction:

Independent wire rope

Prefabrication Form:

Preformed

Product Name:

Cable assembly

Material:

Steel

Style Designator:

7 x 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
