**Fabrication Method:**

Formed

**Overall Length:**

0.417 feet

**End Application:**

Awg9 otps

**Attachment Style:**

Sister hook all attachments

**End Type:**

Terminal attachment chain

**Safe Operating Load Rating:**

75.0 pounds

**Product Name:**

Sash chain assembly

**Special Features:**

Terminal attachments have eye diamete of 0.140 inches; chain averages 100 links for every 55.5 inches

**Material:**

Stainless steel chain

**Surface Treatment:**

Passivate chain

**Style Designator:**

Sash

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A082a0
