Fabrication Method:

Formed

Overall Length:

0.417 feet

End Application:

Awg9 otps

Attachment Style:

Sister hook all attachments

End Type:

Terminal attachment chain

Safe Operating Load Rating:

75.0 pounds

Product Name:

Sash chain assembly

Special Features:

Terminal attachments have eye diamete of 0.140 inches; chain averages 100 links for every 55.5 inches

Material:

Stainless steel chain

Surface Treatment:

Passivate chain

Style Designator:

Sash

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
