Overall Length:

6.000 feet

Diameter:

0.0625 inches rope

Loop Inside Length:

0.875 inches first end

End Type:

Loop first end

Breaking Strength:

480.0 pounds

Core Construction:

Wire

Prefabrication Form:

Straight

Product Name:

Steel lanyanrd

Special Features:

Type 2, loop - eye ends

Material:

Steel

Surface Treatment:

Plastic

Supplementary Features:

Matl pvc (polyvinyl chloride)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
