Overall Length:

0.666 feet

Diameter:

0.065 inches rope

End Application:

NSN:-23-200-1447

Core Construction:

Independent wire rope

Product Name:

Lanyard

Special Features:

Wire rope is nylon coated

Material:

Copper both ends

Material Specification:

7x7 wire rope iaw mil-w-83424/3 military specification single material response wire rope

Surface Treatment:

Zinc both ends

Specification Data:

80204 - ansi y14.M-1982 professional/industrial association standard and 81349 - dod-std-00100 (ar) government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-83424 spec.
