Fabrication Method:

Forged

Inside Length:

2.250 inches

End Application:

2330-00-331-2307; chassis, trailer

Breaking Strength:

9200.0 pounds

Product Name:

Double-fork connectors-not for lifting

Special Features:

For 0.500 inch chain size

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

B

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A105a0
