**Overall Length:**

1.000 feet

**End Application:**

Mk660mod2, ate n associated tools; fixture, exploder cable pull test

**End Type:**

Terminal attachment second end

**Core Construction:**

Independent wire rope

**Prefabrication Form:**

Preformed

**Product Name:**

Wire rope assembly

**Special Features:**

Ring on left end and crimp contact on right end

**Material:**

Stainless steel wire rope

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A082a0
