Diameter:

0.125 inches strand

End Application:

M 290 dual pivot upending assembly

Breaking Strength:

1360.0 pounds

Core Construction:

Wire

Special Features:

Finish: plain, construction: 7 x 7 strand core, formation: preformed and unlubricated: available lengths: 10, 25, 50, 100 and 300 ft;

bend radius: 2 5/8 inch

Material:

Stainless steel wire rope

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
