**End Application:**

Aerospace systems

**Core Construction:**

Wire

**Product Name:**

Wire rope assembly, single leg

**Special Features:**

Assembly type: 4; left end: cable ring; right end: loop; high strenght stranded wire cable with a green nylon coating; assembly length: 3.000 inch long; cable assemblies should not be used for lifting and other high-tension applications

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A082a0
