End Application:

Aerospace systems

Core Construction:

Wire

Product Name:

Wire rope assembly, single leg

Special Features:

Assembly type: 4; left end: cable ring; right end: loop; high strength stranded wire cable with a green nylon coating; assembly length: 3.000 inch long; cable assemblies should not be used for lifting and other high-tension applications

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A082a0
