Overall Length:

6.000 feet

End Application:

Nsn 5895-01-535-9546 command system, tactical

Core Construction:

Wire

Product Name:

Cable assemblies

Special Features:

Cable size 111 with 1, construction 1x7, safety precautions - these cable assemblies should not be used for lifting and other high-tension applications.

Material:

Steel both ends

Surface Treatment:

Passivate both ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
