Lay Method:

Right regular all layers

Breaking Strength:

9000.0 pounds

Core Construction:

Wire

Proof Test Load:

3000.000 pounds

Product Name:

Lift cable assembly

Special Features:

Assembly 600 inches in length from the center of the one open swage socket hole; prime and paint socket grey

Material:

Stainless steel wire rope

Style Designator:

7 x 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
