Diameter:

0.12 inches strand

End Application:

V-22

Attachment Style:

Socket terminal all attachments

Breaking Strength:

120.0 pounds

Product Name:

Lanyard assembly

Special Features:

Swagging shall be in accordance with mil-dtl-6117; proof test swage in accordance with mil-dtl-5688; coating shall not extend under fitting; lanyard is nylon jacketed

Material:

Stainless steel wire rope

Style Designator:

7 x 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
