Overall Length:

40.0 feet

Diameter:

0.1875 inches rope

End Application:

Tower shelter

End Type:

Loop first end

Loop Retention Method:

Swage

Proof Test Load:

600.0 pounds

Product Name:

Lower guy cable assembly, 3/16"

Special Features:

Single leg wire rope assembly

Material:

Stainless steel wire rope

Material Specification:

03s71906f mfr ref single material response wire rope

Furnished Items And Quantity:

1 identification tag

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
