Overall Length:

3.333 feet

Diameter:

0.047 inches rope

End Application:

Kc-46a support equipment

Lay Method:

Right regular all layers

End Type:

Loop both ends

Breaking Strength:

270.0 pounds

Core Construction:

Wire

Prefabrication Form:

Straight

Product Name:

Wire rope assembly

Special Features:

Dfars and rohs compliant; green nylon coated wire; ferrules copper, electro tin plated

Material:

Steel

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
