Ply Quantity:

4

Fabrication Method:

Twisted

Length:

16.000 yards

Coating Material:

Wax

Environmental Protection:

Mildew resistant and water repellent

Breaking Strength:

70.0 pounds

Material And Location:

Linen

Surface Condition:

Any acceptable

Issue Form:

Tube

Length Per Weight:

900.000 feet per pound

Strand Quantity:

6

Color:

Natural

Specification Or Standard:

N type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15300
