Overall Diameter:

0.407 inches

Coating Material:

Plastic

Environmental Protection:

Light resistant

End Application:

Used on the as-5080 antennae

Breaking Strength:

14000.0 pounds

Material And Location:

Fiber core err-100 err-100

Circumference:

0.407 inches

Product Name:

Phillystran stranded kevlar rope, 14, 000 pound break strength

Special Features:

Kevlar stranded fiber rope; black urethane jacket

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15300
