**Fabrication Method:**

Braided

**Length:**

500.000 feet

**Overall Diameter:**

0.188 inches

**Material And Location:**

Plastic, polyester outer covering

**Issue Form:**

Reel

**Circumference:**

0.562 inches

**Product Name:**

Ultra-tech rope 443

**Special Features:**

Material - technora core with 24 strand braided polyester cover; cover burgundy color with green tracer color; average strength - 2300 lbs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A15300
