Fabrication Method:

Braided

Length:

500.000 feet

Overall Diameter:

0.188 inches

Material And Location:

Plastic, polyester outer covering

Issue Form:

Reel

Circumference:

0.562 inches

Product Name:

Ultra-tech rope 443

Special Features:

Material - technora core with 24 strand braided polyester cover; cover burgundy color with green tracer color; average strength - 2300 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A15300
