Environmental Protection:

Heat resistant and light resistant

Rope Style:

Plain ends

Breaking Strength:

550.0 pounds

Rope End Conditioning Method:

Any acceptable

Assembly Material And Location:

Nylon rope

Product Name:

Personal & special operations flashlight

Special Features:

Adjustable length; breaks away with extreme force

Color:

Black

Supplementary Features:

2 cord locks; cord fastener; ring between body & cap

Specification Data:

81349-mil-c-5040 ty iii government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15300
