Fabrication Method:

Braided

Length:

200.0 feet

Coating Material:

Plastic, polypropylene

End Application:

U/o mooring lines and winches

Breaking Strength:

230000.0 pounds

Circumference:

2.000 inches

Strand Quantity:

4

Product Name:

2in x 200ft eye to eye 4 strand spectra mooring line assembly

Special Features:

10ft eyes both ends with chafe gear installed in both eyes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15300
